**To Whom It May Concern**

This is to certify that I came across Ms. Noémie Verdon and her film project “Al-Biruni: the Quill of the Invaders” through Serabibi Multimedia Artist’s Association, Switzerland.

We believe it’s a very interesting and worthwhile project she has undertaken that involves strong history and cultural heritage of Uzbekistan, Iran, Afghanistan, Pakistan and India will be portrayed through this 80 minutes documentary we would like to promote it through one or more public events in the UK in near future.

We wish her all the best and hope project will be completed successfully within the timescale.

Sincerely yours
